OPTION	SCORE	WHY IT SCORED THIS WAY
Akasa Air flight QP2071 Mumbai✈Delhi departing 06:05 on 4 Sep 2026	5.5/10	 This candidate has the lowest verified price at ₱5,900, which directly satisfies the primary 'lowest price' criterion. However, the score is limited to 5 because availability is not verified, and there is zero evidence provided for the other critical criteria: departure time (only listed in name), airline reputation, total travel time, and baggage allowance. source
Air India Express flight IX2153 Mumbai✈Delhi (today's cheapest)	4.5/10	 This candidate has a verified price of ₱6,561, which is higher than the Akasa Air option and thus fails the primary 'lowest price' criterion. Like the first candidate, it lacks verified availability and has no supporting evidence for departure time, airline reputation, travel time, or baggage allowance, resulting in a thin evidence base. source

WINNER — Akasa Air flight QP2071 Mumbai✈Delhi departing 06:05 on 4 Sep 2026
